Next: I broke up the book in to the length of time for the chapter - specifically looking for chapters of about an hour in length. I also own the ICS2 CISSP CBK study guides and test questions which presents a cross-checking mechanism, as well as an avenue for additional research from 'the horses mouth' While attempting to approximate the Ebhinghaus forgetting curve: wash, rinse and repeat several more times. I use it in conjunction with other study material, and I regularly listen back, and it helps embed the information. This was a very dry, yet informative book. I found this book really helpful for driving home some of the concepts. Not being able to jump quickly through the sections or chapters that are of interest or require more study is really ridiculous. The lack of a chapter that really concerns worries when trying to study from this book. Este texto if referes are ediaza f o paperback. Large to listen to in the car and in free time to strengthen other study materials. I would like there to be a better indicator or description of the chapter/contents table index, so that it can align the objectives to particular sections. The content that Phil provides is excellent and I would have evaluated this 5 -star book if the audio quality had been better. Having performed the material I know approximately where these lists are, and the context of the list. Have I heard everything?
